INN - Open Neuroscience Forum

Bitter-Sweet Discussions on any Neuroscience Topic

Open: The discussion will be fully open and truly engaging

Bitter: No politeness allowed

Sweet: The presenter/s will provide something to please your taste (e.g., candies, chocolates, sweets, pastries and beverages)

Anyone, senior or junior, who wishes to present (data, ideas, or any sort of scientific material) can ask for a slot (first-come, first-served basis)

When: once a month, on a regular basis (every 3rd Friday of the month, at 2:00 p.m.)

Where: Location to be established

Who: Junior researchers are especially encouraged, but more senior colleagues are welcome as well

How many: At most two people, will present (preferably in English) each time, with a maximum of 45 min per presentation (30 min presentation + 15 min for questions and discussion)

Would you like to present your work? Would you like to rehearse for a conference talk? Would you like to share preliminary evidence? Would you like to discuss an idea? Would you like to get feedback?

**The Open Neuroscience Forum
is the perfect place
TO BE!**
